

Unleash Your DDR5 Laptop
with Confidence

Up to 5600 1.1V

High Quality ICs

Compatible for
Intel & AMD mobile Platform

ADD GAME DDR5 SO-DIMM | Spider N5

Empower creators and AI users with the SPIDER N5 DDR5 SODIMM, fully compliant with JEDEC international standards for reliable performance on Intel® and AMD® laptops and small-form-factor PCs. Offering capacities up to 64GB speeds up to 5600MT/s and operating at a low 1.1V to minimize heat and prolong battery life, this memory module delivers exceptional performance and responsiveness, enabling smooth multitasking and efficient data processing.

MODULE TYPE	SO-DIMM 262 Pin for Laptop	
TECHNOLOGY	DDR5	
SPEEDS (MHZ)	4800	5600
CAS LATENCY	CL40	CL46
MODULE DENSITY	16GB, 32GB	
KIT OF 2 CAPACITIES	16GB, 32GB, 64GB	
PACKAGE	Single and Dual Cannel Kits	
VOLTAGE	1.1V	
DIMENSION	30(H) x 69.6(L) mm	
OPERATING TEMPERATURE	0°C to 70°C	
WARRANTY	Limited Lifetime Warranty
