

Speed Unleashed & Leads the Future

## M.2 PCIe | **G57** GEN5X4 NVMe SSD

addlink G57 Gen5 SSD redefines high-speed storage with its ultra-slim design, powered by an advanced 6nm PCIe Gen5 controller and DRAM acceleration, delivering speeds of 14,000 MB/s read and write for an unrivaled smooth experience. Crafted for Gen5 systems, its sleek profile fits most PCs and slides effortlessly into the Laptop. With a smart thermal optimization design, it stays cool even under intense workloads. Perfect for creative professionals, and AI innovators, the G57 is more than just storage—it's the ultimate blend of portability and power, empowering you to break limits and shape the future!

HARDWARE	Interface	PCIe Gen5x4 NVMe 2.0
	Compatibility	(Backwards compatible with PCIe Gen4, Gen3 interfaces)
	Capacity	1TB, 2TB, 4TB
	Form Factor	M.2 2280
	NAND Flash	3D NAND, DRAM: LPDDR4
PERFORMANCE	Sequential Read	Up to 14,000 MB/s
	Sequential Write	Up to 14,000 MB/s
RELIABILITY	Operating Temperature	0°C to 70°C
	Storage Temperature	-40°C to 85°C
FEATURES	DRAM Cache, LDPC ECC, SLC Cache, SMART, TRIM, Smart Thermal Control	
WARRANTY	5 Years Limited Warranty
